

ARC ADVANCED LIFE SUPPORT LEVEL 2 RECERTIFICATION COURSE

This is a one-day Australian Resuscitation Council (ARC) ALS course for registered health professionals wanting to refresh their theoretical and practical ALS skills, and who hold a current ARC ALS2 certificate.

PRE-REQUISITE:

Current ARC ALS2 certificate, otherwise candidates will have to attend the 2 day ARC ALS2 provider course. It is recommended to practice CPR prior to attending this course, as well as reading the current ARC ALS Manual. Candidates are required to complete a pre-course MCQ.

- COURSE CONTENT INCLUDES:**
- Reviewing the current ARC ALS protocols and guidelines
 - Practical sessions on airway management, initial assessment & resuscitation, and cardiac arrests in special circumstances
 - Practical simulation assessment and written exam
